In "Non-Hispanic White Mothers' Willingness to Share Personal Health Data With Researchers: Survey Results From an Opt-in Panel" (*J Participat Med* 2020;12(2):e14062) the authors noted three errors.

One co-author, Cristoph Buck, was not included in the author list of the originally published manuscript. As well, the name of author Eduardo J Simoes was originally listed as "Eduardo Simoes". Authors were listed as follows on the published manuscript:

Adam Bouras^{1,2}, MSHI, MHA, MSc; Eduardo Simoes^{1,2}, MD, MPH; Suzanne Boren^{1,2}, PhD; Lanis Hicks^{1,2}, PhD; Iris Zachary¹, PhD; Satvinder Dhingra³, MPH; Richard Ellis³, BSc

This was incomplete, and has been corrected to:

Adam Bouras^{1,2}, MSHI, MHA, MSc; Eduardo J Simoes^{1,2}, MD, MPH; Suzanne Boren^{1,2}, PhD; Lanis Hicks^{1,2}, PhD; Iris Zachary¹, PhD; Christoph Buck³, PhD; Satvinder Dhingra⁴, MPH; Richard Ellis⁴, BSc

Cristoph Buck's affiliation is as follows:

Centre for Future Enterprise, QUT Business School, Queensland University of Technology, Brisbane, Australia

This affiliation is listed as affiliation 3 in the corrected manuscript, and the previously listed affiliation 3 (for authors Satvinder Dhingra and Richard Ellis) is renumbered to affiliation 4. Affiliations 1 and 2 remain unchanged.

Additionally, the original manuscript was missing the following funding statement:

The work of EJS was made possible with support from Washington University in St. Louis CDTR (Grant Number P30DK092950 from the NIDDK). The content is solely the responsibility of the authors and does not necessarily represent the official views of the CDTR or NIDDK.

An "Acknowledgments" section containing this statement is included in the corrected manuscript.

The correction will appear in the online version of the paper on the JMIR Publications website on November 3, 2020, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.

This is a non-peer-reviewed article. Submitted 12.10.20; accepted 14.10.20; published 03.11.20.
